Khalifa University Organizes on Campus 'Health and Wellness Day'

More than 20 Healthcare Partners Offer Services to Faculty, Students and Staff

The Khalifa University of Science and Technology organized a 'Health and Wellness Day' for the students, faculty and staff. The event was supported by more than 20 partners from across the healthcare sector including hospitals, optical and dental providers, a fitness center, as well as individual care providers and therapists. In addition, special counselling was also available for Thiqa insurance cardholders.

Some of the healthcare services offered during the day included flu vaccination, dental and optical screenings, as well as consultations by nutritionists and physiotherapists. In addition to gift vouchers can be redeemed in Abu Dhabi and Dubai, advice on healthier lifestyle choices were also offered.

Environment, Health and Safety (EHS) staff members presented a fire extinguisher simulation and environmental monitoring information, in addition to tips on working with fire safety equipment, and first aid training.
